ABOUT THE EXPO

The inaugural edition of the Global Flooring Solutions Expo (GFLOOR) witnessed remarkable participation with 100+ exhibitors and 5000+ trade visitors, establishing it as one of India's most focused platforms for flooring innovations.

Building on this strong foundation, the 2nd Edition of GFLOOR returns from 23rd to 25th October 2026 at the HITEX Exhibition Center, Hyderabad, bringing together an even more diverse spectrum of industry leaders, innovators, and professionals.

This premier event continues to offer a comprehensive platform for showcasing advanced flooring products, technologies, and solutions across residential, commercial, and industrial segments. GFLOOR 2026 is designed as a one-stop destination for architects, interior designers, builders, contractors, flooring specialists, and decision-makers seeking insights into emerging trends, materials, and sustainable solutions.

With an extensive display of flooring-related products, live demonstrations, technical sessions, and enhanced networking opportunities, the 2nd Edition aims to inspire collaboration, strengthen industry connections, and support businesses in staying ahead in an evolving marketplace.

Join us at this landmark gathering as we take another step toward shaping the future of flooring.

ABOUT THE ORGANISER

As organisers of various trade expos, Hyderabad International Trade Expositions Limited (HITEX) aims to provide a platform for businesses, professionals, and industry experts to come together, showcase their products, services, solutions, and foster collaboration. The company's commitment to create a conducive environment for networking, knowledge exchange, and business growth contributes to the success of all the events it organises. With over two decades of experience in organising high-impact trade shows and business expos, HITEX has established itself as a trusted name in delivering professionally managed platforms that drive industry engagement, innovation, and long-term business growth.

INDIAN MARKET – AN OVERVIEW

India's flooring industry is experiencing strong expansion, valued at USD 10.6 billion in 2024 and projected to grow to nearly USD 20.2 billion by 2033, at a CAGR of about 7%. This growth is driven by rapid urbanization, infrastructure upgrades, industrial expansion, and rising demand for durable, modern, and sustainable flooring solutions across residential, commercial, and industrial sectors.

WHY HYDERABAD

Hyderabad continues to strengthen its position as one of India's fastest-growing hubs for real estate, commercial development, and industrial expansion, making it an ideal host city for the 2nd Edition of GFLOOR. With the addition of millions of square feet of Grade-A office space, large-scale infrastructure projects, advanced manufacturing facilities, and major investments from IT, pharma, life sciences, and logistics sectors, the city's demand for reliable, high-performance flooring solutions is at an all-time high.

Strategically located and well-connected across India, Hyderabad offers exhibitors direct access to a thriving construction ecosystem, an expanding builder-developer community, and a rapidly modernizing industrial landscape. The city's balanced growth, business-friendly environment, and presence of national and global flooring brands create the perfect platform for showcasing innovative flooring technologies and solutions.

Hyderabad's pace of development makes it not just a venue, but a powerful gateway to India's next wave of infrastructure and design opportunities.

WHY TO PARTICIPATE

The Global Flooring Solutions Expo (GFLOOR) is the premier platform for flooring manufacturers, suppliers, and technology providers to connect with key decision-makers across India's expanding construction and infrastructure sectors.

By exhibiting at GFLOOR, brands gain direct access to architects, engineers, developers, contractors, and industrial buyers actively seeking innovative flooring solutions. Spread across 35,000 sq. ft., the expo builds on the strong response from its inaugural edition, attracting 5,000+ Trade visitors, featuring 100+ exhibitors and 500+ exhibits on display—all under one focused flooring platform.

Exhibitors benefit from extensive marketing outreach, media visibility, product showcase opportunities, and interactions with high-value buyers and influencers. As global commercial and industrial flooring markets continue to grow rapidly, GFLOOR positions participating brands at the forefront of emerging trends and business opportunities.

Whether introducing new technologies or strengthening market presence, GFLOOR provides the ideal platform to engage prospective buyers, investors, and business partners in a fast-evolving marketplace.

EXHIBITOR PROFILE

INDUSTRIAL & COMMERCIAL FLOORING SYSTEMS

- Epoxy flooring manufacturers
- PU flooring manufacturers
- Polyaspartic flooring systems
- MMA flooring systems
- ESD / Anti-static flooring
- Heavy-duty industrial flooring
- Polymer cement-based flooring
- Self-levelling (SL) flooring compounds
- Screed & underlayment manufacturers
- Anti-skid / anti-slip flooring solutions
- Hygienic flooring for pharma & food industries

TILES, STONES & ARCHITECTURAL FLOORING

- Ceramic tile manufacturers
- Vitrified tile manufacturers
- Porcelain & large-format slabs
- Natural stone suppliers (granite, marble, quartzite)
- Engineered stone manufacturers
- Quartz surface manufacturers
- Terrazzo flooring producers
- Cement tiles & decorative tiles
- Mosaic tiles & Premium stone importers

WOODEN & SYNTHETIC FLOORING

- Hardwood & solid wood flooring
- Engineered wood flooring
- Laminate flooring brands
- Bamboo flooring
- Vinyl flooring manufacturers
- LVT / SPC / WPC flooring producers
- Hybrid and modular flooring systems
- Sports flooring manufacturers

CARPET & SOFT FLOORING

- Carpet tile manufacturers
- Wall-to-wall carpet manufacturers
- Rugs & premium carpeting
- Artificial turf manufacturers
- Acoustic flooring & underlayments

INDUSTRIAL FLOOR COATINGS & CHEMICALS

- Industrial coating manufacturers
- Concrete densifiers & hardeners
- Grinding & polishing chemicals
- Stain-resistant & protective coatings
- Concrete curing compounds
- Waterproofing coatings
- Anti-corrosion coatings
- Dust-proof flooring chemicals

CONCRETE FLOORING TECHNOLOGY

- Concrete flooring contractors
- Ready-mix concrete (RMC) innovations
- Rapid-setting concrete manufacturers
- Concrete surface hardeners
- Polished concrete solution providers
- Laser screed flooring specialists
- Trimix flooring systems

MACHINERY, TOOLS & EQUIPMENT

- Floor grinding & polishing machines
- Concrete cutting machines
- Shot blasting machines
- Scarifiers & surface preparation machines
- Trowels (manual & power trowels)
- Industrial vacuum systems
- Moisture meters & testing equipment
- Laser screeds & concrete finishing equipment

SURFACE PREPARATION & INSTALLATION TOOLS

- Floor preparation machines
- Mixing machines
- Hand tools for flooring installation
- Adhesives, grouts, sealants
- Joint fillers & floor repair kits
- Expansion joint systems
- Application accessories & consumables

RAW MATERIALS & INGREDIENTS

- Resins & hardeners
- Epoxy raw materials
- Polyurethane raw materials
- Aggregates & quartz sand
- Pigments & colour flakes
- Cementitious additives
- Fillers & polymers
- Industrial minerals for flooring

TESTING, CERTIFICATION & QUALITY CONTROL

- Floor testing laboratories
- Concrete testing equipment
- Slip-resistance testing
- Moisture testing companies
- Adhesion & bonding test solutions
- Floor inspection & consultancy services

FLOORGUARD SOLUTIONS

- Pallet & warehouse flooring specialists
- Safety marking solutions
- Anti-fatigue mats
- Floor protection sheets
- Temporary coverings

SMART, INNOVATIVE & SUSTAINABILITY-FOCUSED FLOORING

- Green flooring technologies
- Recycled & eco-friendly flooring products
- Energy-efficient flooring systems
- Smart flooring with sensors
- IoT-based floor monitoring solutions

VISITOR PROFILE

Residential & Commercial Builders

- Real estate developers and builders focused on residential, commercial, retail, hospitality, and mixed-use projects.

Architects, Designers & Consultants

- Residential and commercial architects specializing in interior and exterior flooring design.
- Landscape architects for outdoor flooring requirements.
- EPC (Engineering, Procurement & Construction) consultants involved in major infrastructure projects.
- Town planners and urban development experts.
- Interior designers and decorators specializing in residential, commercial, and industrial flooring solutions.

Construction Contractors & Flooring Professionals

- Civil and flooring contractors involved in construction & flooring installation.
- Pre-engineered building contractors for industrial and commercial spaces.
- Builders, contractors, and consultants working on large-scale factory and warehouse construction projects.

Infrastructure & Government Representatives

- Officials from government infrastructure departments managing roads, bridges, railways, airports, and public works.
- Government representatives overseeing infrastructure development such as metro projects, airports, hospitals, and civic facilities.

Amusement Parks & Sports Infrastructure

- Amusement park owners, developers, and contractors building recreational and entertainment spaces.
- Sports infrastructure builders creating stadiums, sports courts, gymnasiums, and fitness centers.
- Consultants involved in planning, constructing, and maintaining sports and amusement infrastructure.

Distribution Channels, Retailers & Dealers

- Dealers and distributors of flooring tools, materials, machinery, and installation technology.
- Retailers specializing in flooring products, accessories, & cleaning materials.
- E-commerce platforms and online distributors catering to flooring solutions.

Media & Press

- Media representatives from trade journals and industry publications covering flooring, construction, interior design, and real estate sectors.
